

## Superintendent's Memo

---

Date: November 6, 2009  
To: Staff and Parents of CUSD 185  
From: Dr. Alene H. Reuschel  
Superintendent of Schools  
Re: Illness Updates

I am happy to share with you that things have returned to normal for this time of year. That means, effective Monday November 9, the District will be returning to its regular absence procedures. Children who have a fever still need to remain home for 24 hours after the fever has broken and no fever reducing medications are used. Please refer to your school handbook or call your building principal if you have questions.

The winter season is a long way from over. Please continue to practice good hygiene habits. We will continue to maintain our disinfecting procedures in all of our buildings. Know that we will continue to do everything that we can to keep our children safe. It is my hope, too, that we do not have to reinstitute our serious illness procedures. But if we do, we have sound practices in place and I will call you. Have a pleasant and safe weekend. Thank you.
